Results 1 - 10 of about 1,720,000 for optical strand. (0.33 seconds)

### Electro-optical strand detector - Patent 4275297

In an electro-optical strand motion detecting device the improvement comprises an optically transparent tubular shield surrounding the path of said strand ...

### Optical strand sensor for detecting a filament being wound and ...

A guide is placed between a strand of fibers and a winder, which twists the strand as it is wound. The guide is circular so the strand may be maintained in ...
